# WEB & E-LEARNING DEVELOPER

The Governors are looking to appoint an enthusiastic and talented person to join our Web & E-Learning Team.

This post provides an exciting opportunity to work as part of a vibrant and dynamic team in one of the most successful schools in the country.

We are looking for someone who is passionate about web design and the delivery of high quality end-user experiences through web technologies to work on the College's various websites, social media and Gateway, a portal for students, parents and staff.

As part of this role, the post holder will work as part of a team to support students with the development of their use of technology for learning. The postholder will create an in-house learning platform used to deliver learning and teaching.

This is a truly unique opportunity that combines creativity, programming and training, ideal for a web design/development graduate looking to gain practical experience and an excellent foothold in a successful career in user-oriented design.
